PERSONAL SUMMARY

An enthusiastic and highly motivated individual who has a clear understanding of the role and responsibilities associated with being a civil engineer. Having the ability to provide support for multiple concurrent priorities, Helen is able to establish, maintain and develop effective working relationships with service users, operational teams, delivery partners and colleagues. She possesses a broad range of technical, personal effectiveness and leadership skills and uses rigorous logic and methods to come up with effective solutions to difficult problems. As someone who is comfortable with and able to effectively cope with change, she has a long track record of making best use of any available resources and techniques. She is currently looking for a suitable position with a ambitious company where she will be working with industry experts, people who have the skills and experience to make a real difference to her future.
