PERSONAL SUMMARY

A focused, conscientious and physically fit individual who has a long track record of successfully identifying, planning, implementing and evaluating the nursing care requirements of patients. Janet is able to demonstrate a consistently high standard of nursing care and is more than able to contribute to the continuing development of professional nursing practice in any clinical environment. She is able to work autonomously, committed to the physical and mental well being of patients and has an awareness of costing and is able to balance care with cost implications. Right now she is looking for a suitable nursing position with an organisation that offers excellent training opportunities & the support of an experienced management team.
