Dear,

Your company recently advertised on the website for a Supply Chain Manager. After reading the job description I am confident that my ability to manager every stage of your organization's supply chain precisely matches your strict requirements.

What makes me stand out from others is my excellent understanding of transportation processes and in-depth knowledge of relevant software and ERP systems. My other core strengths include, but are not limited to the following:

- Strong negotiation, interpersonal, management and leadership skills.
- Leading the supply chain team in executing best practices.
- Planning and managing all activities related to global logistics.

For additional information about me please view my attached resume.

I would welcome the chance of an interview, where we would be able to discuss in greater detail the value and strength I can bring to your already successful company. I thank you very much for your time and I eagerly look forward to hearing from you.

Yours sincerely,

Tony Brown
